A full-day excursion takes you along the Salzach River valley past many of Austria's ski resorts. Near Schladming, location of the 1982 Ski World Championships, you will ascend up to the 'Steirische Ramsau' 1000m above sea level at the base of one of the alpine glacier massives - the Dachstein!

In the village there will be time for a stroll in the frosty fresh air and lunch (at your own expense) in one of the local inns. Your guide will inform you of the possibilities. You will hear the jingling bells on the reigns as the sleighs line up across the field and your winter sleigh-ride begins!

A stop for refreshments is made along the way (at your own expense) where the horses rest and you have the possibility to try some Austrian specialities. Hopefully, it will be a day that you will remember long afterwards! Excursion destination may be altered due to snow conditions.

The Christmas carol "Silent Night, Holy Night!" was heard for the first time on Christmas Eve in 1818 in the St. Nikolaus Parish Church. Following the damaging floods of the 1890's, St. Nikolaus' church was demolished and the Silent Night Memorial Chapel was built on the site and consecrated on August 15, 1937.

Every year on 24th December at 5:00 p.m., a memorial service in honour of the creators of the Silent Night carol takes place in front of the Silent Night Memorial Chapel.

Thousands of people from around the world attend the ceremony and finish by singing "Silent Night" in their own language. A tour-guide will escort you by bus through the foothills of the alps, along the Salzach River valley to Oberndorf where you can participate in this touching Christmas celebration.
