

# SIGHTSEEING TOURS

*We provide a select range of (walking or panoramic) guided programs that deliver a comprehensive introduction on the City or subject of your choice. Yes it is true that you have to join other travellers on these tours thus in aggregate become a member of a larger group for a short while (either for a half or full day) the small financial outlay expensed to experience what the tour has to offer far outweighs the option to experience the same with a dedicated private guide on an exclusive basis.*
